5000SERIES

Applications

Very high Abrasion Resistance, performs very well when glass printing using hot enamels.

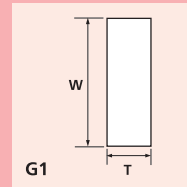

Features & Benefits

- Very High Abrasion Resistance
- Very High Edge Retention
- High Strength
- High Solvent Resistance

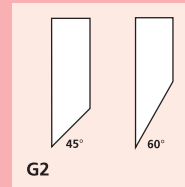

Hardness Range

55 – 95 Shore A

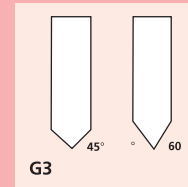

Profiles

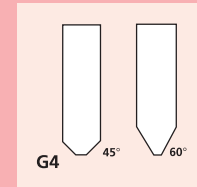

G1

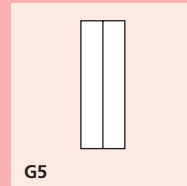

G2

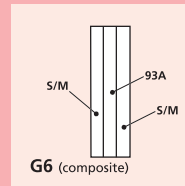

G3

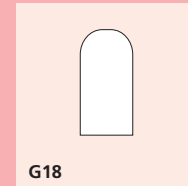

G4

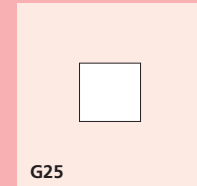

G5

G6 (composite)

G18

G25

Size

Width: 9.5mm - 685mm

Thickness: 3mm - 12.5mm

Length: G1, G5, G6, G25 - 3715mm

G2, G3, G4 - 3450mm

G18 - 2000mm
